WST pro: the new Walvoil Service Tool to be launched at bauma 2019

The new WST pro can be connected with all Walvoil electronic components and integrates all the current tools (bootloader, configurator, diagnostics).

New ergonomic and intuitive graphical human machine interface simplifies and improves its usability.

With this tool it is possible to:

- Calibrate and configure the applications.
- Monitor I/O signals in Real Time.
- Execute in-field system Diagnostic.
- Update the Firmware and Software in the field.

About Walvoil

Walvoil, part of the Interpump Group, merges also both the experiences and Hydrocontrol and Galtech brands.

Among the main manufacturers of integrated hydraulic products, electronics and complete mechatronics systems, Walvoil designs the future of motion in close touch with its customers and its partners from different sectors and markets.

Present in Italy with seven production sites and a well reknown Test Department, that is the core of all its R&D activities, Walvoil can count also on eight branches in four continents and a capillary sales network allowing the company to be close to its main markets worldwide.
